Witness SANDRA SERRANO at the Ambassador Hotel went thru her actions for reporting officers FBI agent BURRIS, SECRET SERVICE agent SHERMAN. She stated that she was sitting on the rear steps (which lead from the s/w corner of EMBASSY ROOM) getting some fresh air. Two men and a woman came up the stairs and the woman stated "excuse us please". Twenty to twenty-five (20-25) minutes later she heard what sounded like six quick back fires, and about 30 seconds later the same woman (Polka Dot Dress) and the taller of the two men came down the stairway. The woman was running ahead of the man and said "we shot him, we shot him". The witness asked "you shot who"? and the woman replied Senator Kennedy. The witness then went into the hallway of the Ambassador Room and saw a uniformed security and asked "did they shoot Senator Kennedy" and he stated "your drunk". The witness then confronted a group of people and asked them the same question. They replied "your crazy". The witness then went into the Sunset Room, back thru the Ambassador Ante Room into the hallway to a phone booth, she then called her mother in Lorraine, Ohio telling her that Senator Kennedy was shot. The phone used by the witness was one of five booths. She pointed out two booths, of which one was the one she used. Phone numbers 3860824, 3869837. Descriptions of suspects some as given by witness on original interview. There was no guard on duty at the Embassy Room south rear door at time of shooting or prior to shooting.
